

AVAILABLE FOR
TRACTOR & ATV

SPREADER & SEEDER

FEATURES

Spread seed up to 60 ft
for tractor

Cat 1 Attachment

Metal and Poly versions
available for tractor

Let the Yanmar Spreader & Seeder implement spread and broadcast seed with more accuracy and less waste with a span of up to 60 feet.

YANMAR FERTILIZER SPREADER & SEEDER - YFS20 & YPFS20

Yanmar's Fertilizer Spreader and Seeder takes the guesswork out of spreading. A side discharge hopper guarantees greater accuracy, and an attached spreading chart highlights the amounts needed for the job. This implement has a spreading width up to 60 feet and can broadcast to each side for directional spreading.

Yanmar also manufactures a poly version and a metal version of this implement.

YANMAR ATV SPREADER & SEEDER - YATVS

Yanmar's ATV Spreader makes light work of fertilizing or seeding your game plot or field. Its unique spreading pattern means you don't have to worry about over or under fertilizing. Spreads 20' in diameter and holds up to 300 pounds or 5 bushels.

ITEM	YFS20	YPFS20	YATVS
